

## **Bimeda to Become Exclusive Distributor of Equell™ and Equimax®**

OAKBROOK, Illinois and CAMBRIDGE, Ontario (October 1, 2009) – Bimeda announced it will become the exclusive U.S. and Canadian distributor of, Equell™ (ivermectin) Paste and Equimax® (ivermectin and praziquantel) Paste, manufactured by Virbac Corporation, effective today.

Both products complement the growing line of equine products already marketed in Canada including Bimectin® (ivermectin) Paste 1.87% and Exodus® (pyrantel pamoate) Paste anthelmintics. Additional products within Bimeda's equine category include, Flunazine® (flunixin meglumine) Injectable Solution, Xylamax (xylazine) Injection, Electrolyte Infusion, Aminolean, Lactated Ringer's Injection, and Procillin/Pen G (penicillin G procaine) Suspension.
