

## **Bimeda to Become Exclusive Distributor of Equell™ and Equimax®**

---

OAKBROOK, Illinois and CAMBRIDGE, Ontario (October 1, 2009) – Bimeda announced it will become the exclusive U.S. and Canadian distributor of, Equell™ (ivermectin) Paste and Equimax® (ivermectin and praziquantel) Paste, manufactured by Virbac Corporation, effective today.

Both products complement the growing line of equine products already marketed by Bimeda in the United States, including Bimectin® (ivermectin) Paste 1.87% and Exodus® (pyrantel pamoate) Paste anthelmintics. Additional products within Bimeda's equine category include Butatron®(phenylbutazone) Tablets, Dexium® (dexamethasone) 2mg/mL Injection, Dexium®-SPT™ (dexamethasone sodium phosphate 4 mg), Flunazine® (flunixin meglumine) Injectable Solution, Fura-Septin™ (Nitrofurazone) Ointment, Hypertonic Saline Solution 7.2%, Lactated Ringer's Injection, USP and Pro-Pen-G® (Penicillin G procaine) Suspension.
